ELEVATORS

ELTEC VOLARE

The Elevator Specialists

We're passionate about supplying Australians with the most beautiful and functional all-electric elevators. As innovators in this space for more than 10 years, we have exclusive access to the best electric lifts from our Italian manufacturer, Eltec. Our superior, more eco-friendly elevators are known for their reliability, and our range of residential products comes with an industry-leading 7-year warranty.^

Join us as we continue to redefine the elevator industry in Australia.

Latest Technology

Our industry-leading elevators are made with the latest cutting-edge technology.

Safety

Our elevators meet the strictest safety standards.

Environmental

Our elevators are fully electric, eco-friendly and cost-effective.

Experience

Our group has installed thousands of lifts across Australia.

Quick Installation

You can rely on our team for a quick and seamless installation process.

Full Service

From manufacturing, to installation and ongoing maintenance, we provide a complete elevator service.

^Terms and conditions apply.

Eltec Volare

The Eltec Volare is the definition of affordable luxury. This innovative elevator boasts superior all-electric technology at an exceptional price point. Stocked locally, the Eltec Volare can be easily sourced at short notice. This elevator comes in one standard size.

Electric Elevator / European A-Grade Energy Class

No 3-phase wiring,
only requires single
phase 10amp power

Stocked locally

Easily paired with our
innovative shaft solutions

Regulations	Australian Design Registration
Drive System	Electric traction
Country of Origin	Designed and manufactured in Italy
Capacity	300 kg (wheelchair capacity)
Maximum Travel	7.5 m
Number of Stops	4
Maximum Speed	0.25 meters per second
Pit Depth	140 mm
Headroom	2400 mm
Electronics Cabinet	Control box: 256w x 168d x 1982h mm
Power	Single phase / 230 V 10 A

Shaft Option

The Eltec Volare can be easily paired with the AU Shaft. This innovative shaft eliminates the need for a structural wall and is a brilliant alternative to a masonry shaft. The AU Shaft is ideal for both new builds and retrofits.

Unmatched Benefits

The AU Shaft delivers a host of benefits for homeowners, builders and architects:

- Installed by Next Level Elevators
- Affordable option
- Minimise structural works
- Easily cladded
- Avoid shaft builder errors
- Fast and efficient installation
- No heavy machinery required

General Specifications

Country of Origin	Designed and manufactured in Italy
Material	Aluminium
Type	Modular
Packaging	Flat-packed (no crane required)
Maximum Height*	20 m
Structure	Self-supporting (no structural wall required)
